

## Céline Dion - Seduces Me

```
Tom: Bb
Everything you are
Everything you'll be
Touches the current of love
         Gm Gm
So deep in me
Every sigh in the night
                  D7
Every tear that you cry
      Gm Gm Gm D7
Seduces me
All that I am
All that I'll be
Means nothing at all
                   Gm Gm
If you can't be with me
                 Eb7
Your most innocent kiss
                 D7
Or your sweetest caress
      Gm Gm Gm D7
Seduces me
      D7
               Gm
I don't care about tomorrow
                  Gm Gm Gm A
I've given up on yesterday
       Α7
                             Dm Dm E
                    Dm
```

```
Here and now is all that matters
             E7
Right here with you is where I'll stay
Everything in this world
Every voice in the night
Every little thing of beauty
                Gm
Comes shining thru in your eyes
             Eb7
And all that is you becomes part of me too
                D7 Gm Gm Gm D7
'Cause all you do seduces me
                Gm
And if I should die tomorrow
                  Gm
I'd go down with a smile on my face
      Α7
            Dm Dm Dm E
I thank God I've ever known you
     E7
I fall down on my knees
                         Gm D7 D7 Gm Gm
        A7
For all the love we've made
Every sigh in the night
             D7 D7
Every tear that you cry
     Gm D7 ....
Seduces me
Seduces me
       Eb7 D7
All that you do ..... Seduces me
```
