                Bm
If ever a boy stood on the \ensuremath{\mathsf{moon}}
All the heavens would call there angels round
                              Em
Stop the tears from troubled skies from falling
                        Bm
If ever the river could whisper your name
                                 Em
Would the choices you make still be the same
                            Em
Like a flower that dies from angry rain
Am D Notes: É slide Gb
Why do we hurt ourselves?
       G Em
Where is the love
             Bm
That lets the sunlight in again

A love
           Bm
That see no color lines
```

```
Life that begins with love
  Am
So spread your wings and fly
                 Em
Guide your spirit safe and sheltered
A thousand dreams that we can still believe
