

Céu - Rotação

Tom: G

Você parado me olhando dançar
 Fisgado, quando viu já foi
 Pego por todos sinais
 Letras garrafais
 Farei
 Dos meus defeitos o assunto
 E dos ouvidos a boca
 Eles que vão devorar as histórias que você contar
 Quero dançar pra você

Quero girar e sentir
 Tudo ao redor se mexer
 Quero girar e cair
 Sem sentir que isso é perder
 Não quero ter que acertar
 Olhar o sol nascer faz entender a rotação da terra
 Eu rodarei mil vezes até você saber como é que a banda toca
 Me toca
 Me toca
 Me toca
