

# Chappell Roan - Kaleidoscope

tom: [Intro] Bm E A Bm

A  
Here we go again  
Everything is fine  
I guess we could pretend  
We didn't cross a line  
But ever since that day  
Everything has changed  
The way I write your name  
The cursive letter  
Whenever it may be  
That you go on your way  
If you really wanna leave  
I'll never make you stay  
Whatever you decide  
I will understand  
And it will all be fine  
Just go back to being friends

E  
And love is a kaleidoscope  
How it works we'll never know  
And even all the change  
Is somehow all the same  
Turnin' to the left and right  
Colors shining in your eye  
And even upside down  
It's beautiful somehow

E  
It's never just a shape alone  
A  
Love is a kaleidoscope

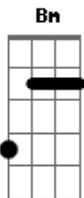

Bm E  
And if you ever find  
A  
Someone who could write  
Bm  
A better song for you  
Bm  
Well, I'd love to see them try  
E  
Put it all in words  
A  
And sing it all in tune  
Bm  
There's no one else who could  
Bm  
The only one is you  
E  
And if you change your mind  
A  
I will understand  
Bm  
And it'll just take time  
Bm  
To go back to being friends

E  
And love is a kaleidoscope  
A  
How it works we'll never know  
Bm  
And even all the change  
Bm  
Is somehow all the same  
E  
Turning to the left and right  
A  
Colors shining in your eye  
Bm  
And even upside down  
Bm  
It's beautiful somehow  
E  
Every color of the rainbow  
A  
Don't be afraid to hold it close  
Bm  
It's never just a shape alone  
E A  
Love is a kaleidoscope
