

## Charles Irwin - A Sad Song About a Girl I No Longer Know

```
When you got a clue
                tom:
                E (forma dos acordes no tom de D )
Capostraste na 2ª casa
                                                                Of all the pain and sadness that you put me through
Intro: Em G A C
       Em G A C Db
                                                                Point for me, cuz evidently
                                                                You did just what I expected you to do
I...I can?t deny
                                                                I let myself be vulnerable, I hold myself responsible for
You?re the reason that I cried every night
                                                                Letting you stick pins into my heart
And I don?t know why
                                                                In retrospect the younger me was too lovesick and dumb to see
But you never found your way out of my mind
Participating in your games is something
                                                                It was a disaster from the start
That will never make me proud to be the one that you turned to And now I wish I saved myself the pain
The push and the pulls and ins and outs
                                                                And looked from the perspective of my brain
They always left me filled with doubt but I can?t say that I
                                                                I told myself that we could work it out
didn?t love you
                                                                But it?s too late to fix that problem now
Cuz that?d be a lie, and I don?t like being mislead
                                                                Yeah it?s too late to think about that now
So I won?t put that in your head that I?m the same
                                                                Parte 1
The tears that I cried all the miscommunication
                                                                Parte 2
             G
And the testing of my patience drove me insane
And now I wish I would?ve second guessed
                          G
The butterflies I?d get inside my chest
                                                                And now I wish I would?ve second guessed
Convinced myself that we were meant to be
                                                                The butterflies I?d get inside my chest
Oh why?d I let you walk all over me
                                                                Convinced myself that we were meant to be
Oh why?d I let you walk all over me
                                                                Oh why?d I let you walk all over me
( Em G A C ) ( Em G A C Db )
                                                                Oh why?d I let you walk all over me
Acordes
                                                                               ukulele-chords.com
