

Chevelle - Shameful Metaphors

Tom: G
Intro: 8x:

Gbm7
Fear
It's all the same
Should I evolve
To tend to this sights
Said out loud then said again
If fate's so wrong
You'll start to feel lightheaded
By my admission, nothing grows
Just a longer list of unsorted laws

So why then
Has all my life made no sound
And are your eyes
Closing even now
My life made no sound
I fear your eyes closing
Riff da introdução(2x)

Gbm7 Em7
Revolting man
This sacred chain
Brought down to trial
No better man could fail the way
You needed all
Keep close the vein of empty
