

# Chevelle - Shameful Metaphors

Tom: G  
Intro: 8x:

Gbm  
Fear  
It's all the same  
Should I evolve  
To tend to this sights  
Said out loud then said again  
If fate's so wrong  
You'll start to feel lightheaded  
By my admission, nothing grows  
Just a longer list of unsorted laws

So why then  
Has all my life made no sound  
And are your eyes  
Closing even now  
My life made no sound  
I fear your eyes closing  
Riff da introdução(2x)

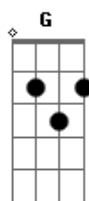

Gbm Em  
Revolting man  
This sacred chain  
Brought down to trial  
No better man could fail the way  
You needed all  
Keep close the vein of empty  
Thoughts
