**C**  
Your love  
**C**  
I hope it will be mine  
**Am**  
Your eyes  
**Am**  
Can show me how you really feel  
**G D Em**  
So then I can know our love is true  
**F D**  
But darling try  
**G D C**  
To see that I can't wait anymore

**G F C**  
There's no need for you to be afraid  
**F D G**  
So please, please come to me  
**C Em F Bb C**  
Our time is now and we must not let it go  
**Cm Gm**  
I'll make you know the warmth  
**F Bb**  
Of my arms  
**Gm Dm C**  
They'll keep you out of any trouble  
**D D G**  
So please come to me

**C**  
I'm not trying  
**C**  
To hide my feelings  
**G Am**  
They must be shown everywhere

**Am**  
And only I know how I've tried to make you know them  
**G D Em**  
But when at last we are face to face  
**F D**  
You pretend not  
**G D C**  
To see what I'm trying to do  
**G F C**  
You know very well that the emptiness  
**F D G**  
Only a true love can replace  
**C Em F**  
So you'd better lay on me  
**Bb C**  
And soon you'll forget the worries

'Cos then no storm will kill our love
