

# Chico Buarque - Bom conselho

Tom: G

(De: Chico Buarque)

G                                    Em G7                                    A7  
 Ouça um bom conselho                                    Que eu lhe dou de graça  
 Eb                                    D7                                    Gm                                    D7  
 Inútil dormir                                    que a dor não pas\_\_sa  
 G                                    Em G7                                    A7  
 Espere sentado                                    Ou você se cansa  
 Eb                                    D7                                    Gm                                    G7(b9/b13)  
 Está provado, quem espera                                    nunca alcan\_\_ça

Cm  
 G  
 Venha, meu amigo Deixe esse regaço Brinque com meu fogo  
 Venha se queimar

Cm  
 Em                                    A7                                    Am                                    D7  
 Faça como eu digo Faça como eu faço  
 Aja duas vezes                                    antes de                                    pensar

G                                    Em G7                                    A7

Corro atrás do tempo                                    Vim de não sei onde  
 Eb                                    D7                                    Gm                                    D7(#9)  
 Devagar é que                                    não se vai lon\_\_ge  
 G                                    Em G7                                    A7  
 Eu semeio o vento                                    Na minha cidade  
 Eb                                    D7                                    Gm                                    Bb7  
 Vou pra rua e be\_\_bo a tempestade  
 Eb                                    D7                                    Gm                                    Bb7  
 Vou pra rua e be\_\_bo a tempestade  
 Eb                                    D7                                    Gm                                    C7 Gm  
 Vou pra rua e bebo                                    a tempesta\_\_de
