

# Childish Gambino - Flight Of Navigator

Tom: **G**

Intro:

**Gb** **E**  
I had a dream

I had a dream I was flying over all of us **Gb**  
**E**  
There were so many pretty people  
**Gb**  
So many pretty faces  
**E**  
I talked to some birds  
**Gb**  
I fell in love again  
**E**  
And none of this ever ended  
**A** **Gbm** **Abm**  
Everything just kept going and going and going  
**E**  
And even when you laughed you cried  
**A** **Gbm**  
And even when you were sad you were really happy  
**Abm**  
Because you were here  
**E**  
And I got to meet every star  
**A**  
Every planet  
**Gbm** **Abm**  
Everything that made me  
**E**  
And we all kissed  
**A**  
And became the same  
**Gbm** **Abm**  
We became the same  
**E**  
We became the same

**Gbm**  
Who would have thought this  
**Abm**  
We almost lost it  
**Dbm** **A**  
When you lie inside darkness it's hard to see  
**Gbm**  
And we sleep in tradition  
**Abm**  
Keep them off in the distance  
**Dbm** **A**  
To tell you that I haven't been  
**Gbm** **Abm** **Dbm** **A**

We are all cold water  
**Gbm** **Abm** **Dbm**  
Why try at all? Why bother?  
**A** **Gbm**  
Just hold me close my darling  
**Abm** **Dbm**  
Just hold me close my darling  
**A** **Gbm**  
Just hold me close my darling  
**NC** **A**  
Just hold me close my darling

**Gbm**  
Who would have dreamed this?  
**Abm**  
You couldn't mean this  
**Dbm** **A**  
Could it be some type of meanness where you are?  
**Gbm** **Abm**  
Cause I don't know where to go  
**Dbm** **A**  
And no one else seems to know

**Gbm** **Abm** **Dbm** **A**  
We are all knights fallen  
**Gbm** **Abm** **Dbm** **A**  
Why try at all? Dark calling  
**Gbm** **Abm**  
So we're left alone  
**Dbm** **A**  
No one left to call upon  
**Gbm** **Abm**  
Be still now, broken bones  
**Dbm** **A** **Gbm**  
As I travel on just hold me close my darling  
**Abm** **Dbm**  
Just hold me close my darling  
**A** **Gbm**  
Hold me close my darling  
**Abm** **Dbm**  
Just hold me close my darling

( **A** **Gbm** **Abm** **Dbm** )  
( **A** **Gbm** **Abm** **Dbm** )

**A** **Gbm** **Abm**  
So we're left alone  
**Dbm** **A**  
No one left to call upon  
**Gbm** **Abm**  
Be still now, broken bones  
**Dbm**  
As I travel on just hold me close my darling  
Just hold me close my darling  
Hold me close my darling  
Just hold me close my darling

## Acordes
