As above, so below, I'm my own damn spirit orb

                                                               Most of the time I'm scooping mud and digging graves
                                                 Db
                                                                                 E
 All of the time, I'm thinking 'bout things too much
                                                                In these saltwater caves
                                                                            Em

                        F
And then I end up out?of?touch
                                                               And overgrown hospitals the like

And feel a?lot less real than before
                                                               I'll step along the way to tell the frogs and toadstools about
                                              Db
 I speak?a lot of words but tend to say a lot less
                                                               How I hate this body

                           B

And I will shut my bedroom door
