Intro: F F F G Gdim
F F F Dm F
Won't you take one link, from this misery chain
     Db C F
                          В
Keep it to remind you, of a long forgotten time or a place
                Bb F
         Bbm
So that you recognize its shape, when it's near
Gm C Bb Bbm F Dm A
Any time or place this misery chain should ap-peaaaar
 Take the locks and shackles, and we'll follow it down
       Db C F B Bb
Shine a light upon, every shadow, every acre of ground
        Bbm Bb F Dm
The hidden corners on in all around Gm C Bb Bbm Dm Dm Bb Dm
 Anyway you feel this misery chain should be foooo-ooound
And when we're gone, and it's all said and done
What will we leave
                      Bbm
Stories told, will they speak of us when
God only knows what those word will be
```

```
And if I should fall, from the top of the world Db C F B
To the depths below, so far below where I believe could exist
            Bbm Bb F Dm
Down further still will be, one who hides the key
                           Bb C F
And dares to try to put these misery chains on me
And when we're gone, and it's all said and done
What will we leave
The stories told, will they speak of us when
                   C
                                Db Dm
God only knows what those word will be-ee
  Won't you take one link, from this misery chain
                           В
 Keep it to remind you, of a long forgotten time or a place
Bbm Bb F Dm So that you'll recognize it, 'till it's understood
                        Bb Bbm Dm
 That every trace of this misery chain is gone for good
                         Bb
                                C F F Dm
 'Til every trace of this misery chain is gone
