

# Chris Cornell - Nearly Forgot My Broken Heart

Tom: C

Everytime I stare into the sun  
Try to find a reason to go on  
All I ever get is burned and blind  
Until the sky bleeds the pouring rain  
When you came along the time was right  
Pulled me like an apple red and ripe  
Wasn't very long you took a bite  
And did me wrong -and it serves me right

I nearly forgot my broken heart  
It's taken me miles away  
From the memory of how we broke apart  
Here we go round again

Every little key unlocks the door  
Every little secret has a lie  
Try to take a picture of the sun  
And it won't help you to see the light

Every little word upon your lips  
Makes a little cut where blood pours out  
Every little drop of blood I kiss  
That I won't miss -not for anything

I nearly forgot my broken heart

It's taken me miles away  
From the memory of how we broke apart  
Here we go round again

Every single feeling tells me this is leading  
To a heart in broken little pieces  
And you know I need this  
Like a hole in the head

Solo:

Every single feeling tells me this is leading  
To a heart in broken little pieces  
And you know I need this  
Like a hole in the head

I nearly forgot my broken heart  
It's taken me miles away  
From the memory of how we broke apart  
Here we go round again

I nearly forgot my broken heart  
It's taken me miles away  
From the memory of how we broke apart  
Here we go round again
