Tom: **G**

Intro: **Em G**

**G**  
In a castle  
**Bm**  
Down a long road  
**Dm** **C**  
A little girl was born  
**G**  
To a king and  
**Bm**  
To a queen and  
**Dm** **C**  
Her mother's eyes welled with tears of joy  
**Cm** **G**  
Staring at the tiny face  
**B** **C**  
Of a miracle she made

**G** **D** **Em** **C**  
She would say I love you  
**Am** **F** **G** **G**  
She would say I love you

**G**  
Summer came and went  
**Bm**  
Unrolling  
**Dm** **C**  
Trees all stripped to the bone

Daddy's little girl  
**Bm**  
In his arms, well  
**Dm** **C**  
They sit upon his throne  
**Cm**  
Who is that thief

Hiding in the dark

Just a little girl who stole his heart

He would say I love you

**Bm** **Em**  
With only these three words repeating  
**C**  
A simple greeting  
**G**  
But it's all you would keep  
**Bm** **B**  
Clever lips can be misleading  
**C**  
A tongue can fly away

And won't come back  
**G**  
But it's only these words  
**D** **G** **Bm** **Dm** **C** **Cm** **G** **Em** **A** **C** **D**  
We recognize

The alarm rings out

Awoken from a dream  
**G**  
No more castle

Down a long road

No more kings and no more queens
