

# Chris Grey - LET THE WORLD BURN

tom:  
 Lost in the fog  
 I fear that there's still further to fall  
 It's dangerous 'cause I want it all  
 And I don't think I care what it costs

I shouldn't have fallen in love  
 Look what it made me become  
 I let you get too close  
 Just to wake up alone  
 And I know you think you can run  
 You're scared to believe I'm the one  
 But I just can't let you go

I'd let the world burn  
 Let the world burn for you  
 This is how it always had to end  
 If I can't have you, then no one can  
 I'd let it burn  
 I'd let the world burn  
 Just to hear you calling out my name

Watching it all go down in flames

Fear in their eyes  
 Ash raining from the blood orange sky  
 I let everybody know that you're mine  
 Now it's just a matter of time

Before we're swept into the dust  
 Look what you made me become  
 I let you get too close  
 Just to wake up alone  
 And I know you think you can run  
 You're scared to believe I'm the one  
 But I just can't let you go

I'd let the world burn  
 Let the world burn for you  
 This is how it always had to end  
 If I can't have you, then no one can  
 I'd let it burn  
 I'd let the world burn  
 Just to hear you calling out my name  
 Watching it all go down in flames
