

Chris Isaak - I See You Everywhere

tom:

G

You've been telling everybody

Am

How much you love me

G

But I don't know, I don't know

Am

You throw your arms around me

Tell me that you missed me

G

Is that so, I don't know

C

'Cause I see you everywhere

C

And you're always on my mind

C

And I see you everywhere

A

No more crying now, no more crying

Am

And I'm hoping that you want me

G

Like you've been saying but I don't know if it's so

Am

When you put your arms around me

G

I close my eyes believing but is it so, baby I don't know

C

I see you everywhere

C

And you're always on my mind

C

And I see you everywhere

A

Baby, no more crying now no more crying now

(Am G Am G)

C

'Cause I see you everywhere

C

And you're always on my mind

C

And I see you everywhere

A

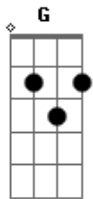

No more crying now no more crying now

Am

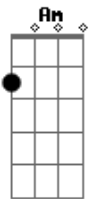

Baby, no more crying now

Am
