Christina Aguilera - Hurt

Tom: G

```
   Em                          B7                          Em
Seems like it was yesterday when I saw your face
                          Am
You told me how proud you were
                   C
But I walked away
              B7                  Em
If only I knew What I know today

           C
I would hold in my arms
           Am
I would take the pain away
D
Thank you for all you've done
     B7
Forgive all your mistakes
          C
There's nothing I wouldn't do
     Am
To hear your voice again
     D
Sometimes I wanna call you
       B7
But I know you won't be there

Em              B7       Em
I'm sorry for blaming you
       Am                      C
For everything I just couldn't do
                  B7
And I've hurt my self by hurting you

Em                    B7
Some days I feel broke inside
                 Em
But I won't admit
                  Am
Sometimes I just wanna hide
                    C
Cause it's you I miss
                             B7
And it's so hard to say goodbye
                 Em
When comes to this
                    C
Would you tell me I was wrong
                   Am
Would you help me understand
                  D
Are you looking down upon me
                  B7
Are you proud of who I am
                  C
There's nothing I wouldn't do
      Am
To have just one more chance
      D
To look into you eyes
     B7
And see you are looking back

Em            B7         Em
I'm sorry for blaming you
         Am                      C
For everything I just couldn't do
                     B7
And I've hurt my self

Em    D                     C
If I had just one more day
            Em
I would tell you how much that
    D                               C
I missed you since you've been away

Am           E
It's dangerous
                C           D
It's so out of time
                         B7
To try and turn back time

Em            B7         Em
I'm sorry for blaming you
        Am                      C
For everything I just couldn't do
                     B7       C       Am     B7
And I've hurt my self
                  Em
by hurting you
```
