

# Christina Aguilera - Lift Me Up

Tom: E

So the pain<sup>E</sup> begins  
 As the music<sup>Abm</sup> fades  
 And I'm<sup>E</sup> left here with  
 With more than I can take

A If you lift me up  
 Abm Just get me through this night  
 A I know I'll rest tomorrow  
 Abm And I'll be strong enough to try

E When the static clears  
 Abm And all is said and done  
 E I will realize  
 Abm That we all need someone

A If you lift me up  
 Abm Just get me through this night  
 A I know I'll rest tomorrow  
 Abm And I'll be strong enough to try

A So when you see me crashing  
 E And there's nowhere left to fall  
 Abm Will you lift me even higher  
 A To rise above this all

A If you lift me up  
 Abm Said if you lift me up  
 E Abm [x4]  
 Abm Said if you lift me up  
 Abm Will you lift me higher

A When you see me crashing  
 E And there's nowhere left to fall  
 Abm Will you lift me even higher  
 A To rise above this all

A If you lift me up  
 Abm Said if you lift me up  
 A If you lift me up  
 Abm Just get me through this night

## Acordes
