Christina Aguilera - The Voice Within

Ref.:

to fall

```
Intro: G
Young girl don't cry
I'll be right there when your world starts to fall
Young girl it's all right
Your tears will dry; you're soon be free to fly.
When you're save inside your room you tend to dream
Of a place where nothing's harder than it seems
No one ever wants to bother to explain
                                            Am7
Of the heartache life can bring and what it means
Ref.:
            G
                   G
When there's no one else, look inside yourself
                           Am7
Like your oldest friend just trust the voice within
Then you'll find the strength that will guide your way
You'll learn to begin to trust the voice within
Young girl don't hide
You'll never change if you just run away
Young girl just hold tight
Soon you're gonna see your brighter day
                        D
Now in a world where innocence is quickly claimed
                          D
It's so hard to stand your ground when you're so afraid
No one reaches out a hand for you to hold
                     D
When you look outside look inside to your soul
```
