

# Christina Grimmie - Advice

Tom: B

(com acordes na forma de  
Capotraste na 4ª casa

Don't look down Cause it's easy you're falling from force

Just letting it take nature's course

Then picking it up when it's over

Don't be afraid

Cause the chances are there for the take

But treasure the choices you make

And know when you must take it slower

You may think you've had it rough

And try to give it up

But when you think you're stuck

Just go another way

Don't let go of good times

And let the bad ones know you'll feel fine

And wear your heart out on your sleeve

Love is all, love is all you need

Don't be rushed

Cause hurrying causes mistakes

And make sure to give more than take

And know when you must take it slower

You may think you've had it rough

And try to give it up

But when you think you're stuck

Just go another way

Don't let go of good times

And let the bad ones know you'll feel fine

And wear your heart out on your sleeve

Love is all, love is all you need

Feel with all your senses

Make sure to let down your defenses

There's just one way to make you see

Love is all, love is all you need

Take a chance now cause it's easy

Take a chance now for you and me

Take a chance now you can reach it

Take a chance for me

You may think you've had it rough

And try to give it up

But when you think you're stuck

Just go another way

Don't let go of good times

And let the bad ones know you'll feel fine

And wear your heart out on your sleeve

Love is all, love is all you need

Feel with all your senses

Make sure to let down your defenses

There's just one way to make you see

Love is all, love is all you need

Love is all you need

Love is all

Love is all

Love is all you need
