

Christina Grimmie - Cliche

Tom: Db

I believed in all your candy hearts, baby
 You said our castle in the sky would never fall apart
 Baby I thought that you could never do wrong
 You talk like you're straight out of a love song
 I don't buy a word that you say

Refrão:

'Cause your love is cliche
 'Cause your love is cliche

You said your life would suck without me
 You used to say my name so proudly
 Said I was the only girl in the whole world
 And every other girl they got nothing on me

So stereo
 So stereo
 Hey!
 Such stereotypical lines
 So typical
 So typical
 Hey!
 So predictable I know it's a lie

I believed in all your candy hearts, baby
 You said our castle in the sky would never fall apart
 Baby I thought that you could never do wrong
 You talk like you're straight out of a love song
 I don't buy a word that you say

'Cause your love is cliche

'Cause your love is cliche
 'Cause your love is cliche

You said as long as I love you I'd never be alone
 You used to whisper sweet nothing through a payphone
 Said if I listen close I can hear that bass go
 I can hear that heartbeat boom like a stereo

So stereo
 So stereo
 Hey!
 Such stereotypical lines
 So typical
 So typical
 Hey!
 So predictable I know it's a lie

I believed in all your candy hearts, baby
 You said our castle in the sky would never fall apart
 Baby I thought that you could never do wrong
 You talk like you're straight out of a love song
 I don't buy a word that you say

'Cause your love is cliche
 'Cause your love is cliche
