

Christina Grimmie - Must Be Love

Tom: C

Am
I was sitting at the mall with my friends on a Monday
Am
Saying I was gonna leave this town, leave this town, run away
Am
But then you walked in and I think my heart don't skip a beat
Am
One look and everything just froze

Am
Like a rock rolling down a hill
Am
Like a car with no one at the wheel
Am
Take me to a doctor cause I'm shaking
Am
I need water tell me do they have a pill
Am
I'm feeling ill

Am
It must be love, it must be love
F G Am
It must be lo-o-o-ove
Am
It must be love, it must be love
F G Am
It must be lo-o-o-ove
Am
It's in my heart, it's in my body
F G Am
It must be lo-o-o-ove

Am
I'm working all day and night minding my business
Am
Ain't looking for trouble, got no man upon my wish list
Am
But now you're in my head
Am
Get outta there get here instead
Am
One smile and everything just froze

Am
Like a rock rolling down a hill
Am
Like a car with no one at the wheel

Am
Take me to a doctor cause I'm shaking
Am
I need water tell me do they have a pill
Am
I'm feeling ill

Am
It must be love, it must be love
F G Am
It must be lo-o-o-ove
Am
It must be love, it must be love
F G Am
It must be lo-o-o-ove
Am
It's in my heart, it's in my body
F G Am
It must be lo-o-o-ove

Am
Starts up in my chest
Am
Kicks out of my bones
Am
Not ready for this
Am
Was fine on my own
Am
Flashes in my head and there must be something wrong
Am
I don't know what you did
Am
But I can't leave you alone

Am
It must be love, it must be lo-o-o-ove

Am
It must be love, it must be love
F G Am
It must be lo-o-o-ove
Am
It must be love, it must be love
F G Am
It must be lo-o-o-ove
Am
It's in my heart, it's in my body
F G Am
It must be lo-o-o-ove
