

# Chrystian - Emotions In My Heart

Tom: E

Intro: E : Gbm : A

Everytime you say you're mine  
I feel like riding the sunshine  
Dream this dream with me  
Feel the way I feel.

Everytime I see your face  
I feel like floating in space  
Touch the clouds with me  
Feel the way I feel.

There's not a chance to hide  
Emotions in my heart  
You can be sure I'll cry  
The day we come apart.

To try to stop my cry  
Will be the hardest things to do

it will be the same as trying  
To split the world in two...

Everytime you say you're mine  
I feel like riding the sunshine.

FLUTE SOLO: : B : Bm : A : A

There's not a chance to to hide  
Emotions in my heart  
You can be sure I'll cry

To try to stop my cry

To split the world in two....

'Cause I love you  
I love you...
