

CHSKA - i know you know

tom:
 Dbm (forma dos acordes no tom de Am)
 Capostraste na 4ª casa

I know you know
 That I love you so
 Everything mundane
 You make it harder to explain
 Take all my ego and my pride
 My issues aside
 I won't win a fight
 And lose you by my side, baby

Cross the seven seas

Drive along the streets
 Write along a beat

Bring you home with me
 Kiss you in the heat

Smoke a little weed
 That's how I know you're real

When you wanna go

I can take you home
 Stop along the road

'Long as we're alone
 Hold you to a song

Miss you when you go
 That's how I know you're real

I can wait for so much and longer
 If it meant I'd be holding you forever
 And time won't be a problem, no baby

'Cause I just want you
 I just want-

I know you know
 That I need you so
 Everything in vain

Your beauty to a shame

Lately I've been dreaming 'bout you

Thinking how you
 Got me reeled in
 Committing feelings
 Got me fucked up

Now I'm fucked up
 I won't fuck up

'Cause you know I'd

Cross the seven seas

Drive along the streets
 Write along a beat

Bring you home with me
 Kiss you in the heat

Smoke a little weed
 That' how I know you're real

When you wanna go

I can take you home
 Stop along the road

'Long as we're alone
 Hold you to a song

Miss you when you go
 That's how I know you're real

I can wait for so much and longer
 If it meant I'd be holding you forever
 And time won't be a problem, no baby

'Cause I just want you
 I just want you
 I can wait for so much and longer
 If it meant I'd be holding you forever
 And time won't be a problem, no baby

'Cause I just want you
 That's how I know you're real
