

# Chuck Adams - A.P.C.H

tom:

**Bb**  
[Primeira Parte]

I miss you so much  
I drank all the whiskey  
I sent all the flowers  
I cried all the tears  
I used all my luck  
Chasing to get you  
And messed it all up  
Now I can't forget you

[Refrão]

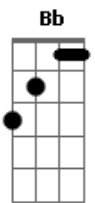

There's a place called **Bb** heaven  
There's a place called **F** hell  
And I went straight down to the flames, burning all day  
Can't bring it back, can't make it all well  
There's a time to remember  
There's a time to forget  
You're like a song on repeat, playing in my head, can't let you go  
Wish we never met

[Segunda Parte]

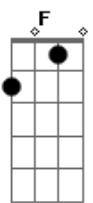

I miss you so much  
I drove every county

I walked every **Gm** mountain  
I ran out of **Eb** tears  
I spend all my money  
Trying to reach you  
To tell you I'm sorry  
And how bad I need you  
[Refrão]  
There's a place called **Bb** heaven  
There's a place called **F** hell  
And I went straight down to the flames, burning all day  
Can't bring it back, can't make it all well  
There's a time to remember  
There's a time to forget  
You're like a song on repeat, playing in my head, can't let you go  
Wish we never met  
[Terceira Parte]  
I miss you so much  
I drank all the whiskey  
I sent all the flowers  
I cried all the tears  
I miss you so much
