Chuck Berry - Sweet Little 16

Tom: C

Chorus 1:
```
                          G         G7           C
They're really rockin' in Boston,    Pittsburgh, PA
                    G      G7            C
Deep in the heart of Texas   and round the Frisco Bay
                  F                    C
All over St. Louis, way down in New Orleans
                         G         G7         C
All the cats wanna dance with   Sweet Little 16
                       G      G7         C
Sweet Little 16, she's just got to have
                G      G7          C
About a half a million framed autographs
                                   F                   C
Her wallet's filled with pictures; she gets them one by one
                      G       G7       C
Becomes so excited; won't you look at her run, boy?
```
Bridge:
```
                  F             C
"Oh Mommy, Mommy, please may I go?
                   G    G7
It's such a sight to see;    somebody steal the show
          F            C
Oh Daddy, Daddy, I beg you
                   G    G7
Whisper to Mommy    it's all right with you"
```
Chorus 2:
```
                  G                  G7           C
'Cause they'll be rockin' on the bandstand Philadelphia, PA
                  G      G7            C
Deep in the heart of Texas and round the Frisco Bay
                  F                    C
All over St. Louis, way down in New Orleans
                  G         G7         C
```

All the cats wanna dance with Sweet Little 16
                       G      G7         C
Sweet Little 16, she's got the grownup blues
                                  G        G7           C
Tight dresses and lipstick, she's sportin' high-heeled shoes
                        F                    C
Oh, but mornin', she'll have to change her trend
                  G      G7         C
And be sweet 16 and back in class again
```
Chorus 1:
```
                          G       G7           C
But they'll be rockin' in Boston,    Pittsburgh, PA
                  G      G7            C
Deep in the heart of Texas    and round the Frisco Bay
                  F                    C
All over St. Louis, way down in New Orleans
                         G         G7         C
All the cats wanna dance with   Sweet Little 16
