

# Cian Ducrot - All For You

tom:

Intro: Bm G D A Bm

Bm G D  
...I roll over but it's empty

A Bm  
You used to lay here beside me

G D A  
I swallow my pride 'cause it's all on me

Bm G D  
...Is it too late? Forgive me

A Bm  
Did you mean what you said? Are you angry?

G D A  
Lost more than a friend, now I'm on my knees

Em Bm  
I don't know why I'm praying tonight

A  
But if you can hear me

Tell me if you hear me

Bm G  
...And I should have called

D  
And I should have tried

A Bm  
And I should have walked you home every night

G D  
And I should have kissed you ten thousand times

A  
Just to tell you I love you

G D  
I should have done it all

A  
All for you, baby

Bm A Em  
But now I'm just a little too late

Bm  
To be what you needed

A  
But I hope that he is

Bm G D  
...You took me around but we got nowhere

A Bm  
'Cause you were naive while I was too scared

G D A  
So when we lit a fire, you run towards the flames

Bm G D  
...And I start around and I watched you burn

A Bm  
Then arose up to claim you and left you in the dirt

G D  
Kept my hands to myself like I kept my word

A  
Fool you once, never twice, I guess you've learned

Em Bm  
And I don't know why I'm praying tonight

A  
But if you can hear me

Tell me if you hear me

Bm G  
...And I should have called

D  
And I should have tried

A Bm  
And I should have walked you home every night

G D  
And I should have kissed you ten thousand times

A  
Just to tell you I love you

G D  
I should have done it all

A  
All for you, baby

Bm A Em  
But now I'm just a little too late

Bm  
To be what you needed

A  
But I hope that he is

Em Bm  
I shouldn't have promised that I'd never fall

D A  
But you saw the writing all over the walls

Em Bm  
I try not to cry in the places we'd go to

A  
But I still fucking care for you

Bm G  
...I hope that he calls

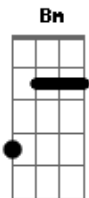

D  
I hope that he tries

A Bm  
I hope that he walks you home every night

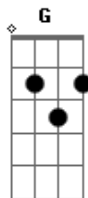

G D  
I hope that he kisses you ten thousand times

A  
Just to tell you he loves you
