

Cibele Cerqueira - Made To Shine

Tom: **D**

(com acordes na forma de **C**)

Capostrate na 2ª casa

Intro: **C G Am F**

Even after all this time
All the problems we went through
It just made us stronger than we thought
So go
Share with the world
What is like to live a real life
We were made to shine
We were made to shine
We were called to make a difference
We were called to make a difference
We were made to love
We were made to love
We were called to show Jesus
We were called to show Jesus
(**C G Am F**)
If you look around
You will see
There's someone who needs
A little of love
And if we know what love is
Why do not stand up?
Why are we fighting for useless things?

We were made to shine
We were made to shine
We were called to make a difference
We were called to make a difference
We were made to love
We were made to love
We were called to show Jesus
We were called to show Jesus
Wherever you go
Be the light
Cause the world is already in the dark
And wherever you go
Make a change
Show the world where the hope comes from
We were made to shine
We were made to shine
We were called to make a difference
We were called to make a difference
We were made to love
We were made to love
We were called to show Jesus
We were called to show Jesus
Stop looking to yourself
There's a whole world out there
Crying out for salvation
Crying out for salvation
