Cigarettes After Sex - Tejano Blue

```
The girl in the arcade
                                                                                             A7M
                            tom:
                                                                Dbm
                Е
                                                                Said they were the shortest ever
                                                                And the rest like holiday
            [Primeira Parte]
                                                                The live one where she sang
F
                                                                Dbm
We wanted to fuck with real love
                                                                Dancin' in a polka-dot top
Wanted it sweet, so pure and warm
                                                                 [Pré-Refrão]
Dbm
                      Α7Μ
Never only sleepin' over
                                                                F
                                                                And when you say you want it all
We wanted to fuck, like, all the time
                                                                I know you want it all
Α
And when you got back from your flight
                                                                                         A7M

                                                                Baby, take it all from me
Dbm
                        A71
It was the first thing we did
                                                                And when you drag me on the floor
[Pré-Refrão]
                                                                And the blue tejano's on
F
