              Ebm
Intro: Abm B Gb Ebm
      Abm
Oh, I missed you and I cried
                             Fbm
But I said that I was alright
     Abm
And I know it's been a while
                             Fbm
       Gb
Since I needed a distraction
Cause I wanna do everything
            Gb
That you want me to, to tell you the truth
I need to stay alive
 Gb Ebm
So sad that I could die
It's leading me on, every time we touch
 Gb Ebm
Leading me on, every time it hurts
Abm B
Feeling so lonely, 'cause it's not enough
      Ebm
Missin' you only, ever since we fell in love
And I watched you do a line
      Gb
That you spread out on the table
      Abm
I don't need to say a word
      Gb
I just wanna see you upside down
      Abm
I wanna do everything
That you want me to, to tell you the truth
```

Acordes

```
I listen to you cry all night
           Ebm
Through the telephone
It's leading me on, every time we touch
 Gb Ebm
Leading me on, every time it hurts
Abm B
Feeling so lonely, 'cause it's not enough
               Ebm
Missin' you only, ever since we fell in love
( Abm B Gb Ebm )
[Ponte]
Couldn't say you didn't want me there
       Gb
When we were lyin' in my bed that night
You were acting like a different person
    Gb Ebm
As if, suddenly, you wanted to just be friends
I was hurting so I took a shower
                        Ebm
So you couldn't hear me, knowing I had to cry
Sad to know that while my heart was breaking
        Gb
You were sleeping normal, just vacant
It's leading me on, every time we touch
 Gb Ebm
Leading me on, every time it hurts
Abm B
Feeling so lonely, 'cause it's not enough
Ch Ebm
Missin' you only, ever since we fell in love
[Final] Abm B Gb Ebm
