

# Cimorelli - Good Enough

Tom: Eb

I don't know why he left  
But he's been gone  
For several months  
There's a tension in the air

That's not so fun  
Mom's been losing weight  
I can tell she's not ok  
I wonder if it's my fault  
He went away

Pre-Chorus 1:

I feel like I'm drowning  
I feel like I'm broken  
I've been ripped down the middle  
I am ripped down the middle  
My house is a war zone  
My life is a battle  
And I'm stuck in the middle  
I am stuck in the middle

Chorus:

Whatever I did  
I would take it all back  
I'd circle the world  
To get back what we had  
Tell me what must I do  
To deserve your love  
Is there any way I'll ever be  
Good enough  
Is there any way I'll ever be  
Good enough

Verse 2:

I don't know why he left  
But I don't think he's coming back  
Relationships don't come easy to me  
I never learned how to love  
Or how to stay  
When things get rough  
How can you know something  
You've never seen

Pre-Chorus 2:

I feel like a hurricane

My heart is breaking  
It's been ripped down the middle  
I am ripped down the middle  
I feel like a lost cause  
All I ever do is screw up  
Ever since I was little  
I've been ripped down the middle

Chorus:

Whatever I did  
I would take it all back  
I'd circle the world  
To get back what we had  
Tell me what must I do  
To deserve your love  
Is there any way I'll ever be  
Good enough  
Is there any way I'll ever be  
Good enough

Bridge:

I've spent my life trying to hide  
All of my weakness from everyone  
I try so hard to play the part  
Cover all my scars  
But it's never enough  
No it's never enough

Chorus:

Whatever I did  
I would take it all back  
I'd circle the world  
For you mom and dad  
Tell me what must I do  
To deserve your love  
Is there any way I'll ever be  
Good enough  
Is there any way I'll ever be  
Good enough  
Is there anything in this world  
That I could do  
Is there any way I'll ever be

Maybe I'm already

Good enough
