Cinderella - Winds Of Change

```
Tom: C

  1.  Verse.  Do this 6 times:
=0D
 G                                       C       F     C
=0D

   =

2.  Chorus.  Do this once:  =

=0D
 Eb (I think)   G              Eb           F       G
=0D

=0D
The last measure screwed me up.  It goes back to the main
pattern, but
it's off a little, time-wise.  Treat it as 2/4 and it resolves
itself
nicely back into the verse pattern.
=0D
3.  Do 1 & 2 again
=0D
4.  Do this:
=0D
  I'm gonna skip the chords, it's just GCGC etc.
=0D

=0D
```

```

5.  Bridge.  Do this twice
=0D
 C                       G               F           G
=0D

6.  Do 4 & 5 again, and then just keep repeating 4.  He'll
start cutting
    it down smaller, finishing the pattern w/ F & C strums.
End on a G
    and resume verse pattern.
```
