

City And Colour - Harder Than Stone

Tom: Bb

(com acordes na forma de G)

Capotraste na 3ª casa

Someday I will walk away

When time ain't drawing on me like a blade

Back turned to the setting sun

Leaving behind Toronto's incessant hum

'Cause I was born and raised

To live beyond

The heft and weight

Of a world undone

But I don't mean to be a bother

I don't need you to take my burden away

And I ain't afraid of dying

Cold and alone

Traipsing through the utter dark

Walking underneath the dead moonlight

Without any great concern

For what I've missed or how many bridges have burned

Like a bird who flies

All the way from the north

My heart will roam

In search of warmth

But I don't mean to be a bother

I don't need you to take my burden away

And I ain't afraid of dying

Cold and alone

When my time comes

I didn't know too much

I thought that I could rule the world

Then I grew up

I found out life was hard

Harder than stone
