

# City And Colour - Harder Than Stone

Tom: Bb

(com acordes na forma de  
Capotraste na 3ª casa G )

Someday I will walk away  
When time ain't drawing on me like a blade  
Back turned to the setting sun  
Leaving behind Toronto's incessant hum  
'Cause I was born and raised  
To live beyond  
The heft and weight  
Of a world undone

But I don't mean to be a bother  
I don't need you to take my burden away  
And I ain't afraid of dying  
Cold and alone

Traipsing through the utter dark  
Walking underneath the dead moonlight

Without any great concern

For what I've missed or how many bridges have burned  
Like a bird who flies  
All the way from the north  
My heart will roam  
In search of warmth

But I don't mean to be a bother  
I don't need you to take my burden away  
And I ain't afraid of dying  
Cold and alone  
When my time comes  
When I was young

I didn't know too much  
I thought that I could rule the world  
Then I grew up  
I found out life was hard  
Harder than stone
