

City And Colour - Of Space And Time

Tom: **Bb**

(com acordes na forma de
Capotraste na 3ª casa
Verso I:

There's a murder of crows
Flyin' high over head
On this desolate road
Where I tend to forget
About you and I
And our fight to survive
Through this thunderous life
When we're not side by side

Refrão:

I'm roaming through the hills all alone
I'm trying to find my direction home
A question of space a matter of time
I follow the stars until the first light

Verso II:

I don't know what drugs to take
To successfully alter the state
That my mind has been in as of late

G)

Cause something is eating away at my brain

There's an elephant in the back of the room
And it's standing in plain view
Everyone can see that it looks just like me

Refrão:

I'm roaming through the hills all alone
I'm trying to find my direction home
A question of space a matter of time
I follow the stars until the first light

C (Segure um pouco no C)

Ponte:

I will not call this road home
But it is all I've known
I will not call this road home
But it is all I've known

Refrão:(Bem suave)

I'm roaming through the hills all alone
I'm trying to find my direction home
A question of space a matter of time
I follow the stars until the first light
