

Clairo - Harbor

```
tom:
           [Primeira Parte]
Okay, I'm finished now
     Cm
And I kept my faith for long enough
     Bbm
And I hope I'm old and fairly sober
    C7 Bb7M
If I'm let down
Maybe you keep me around
     Cm
For the constant affirmations
While I scrounge for understanding
       C7 Bb7M
And fall out
I'll let you win and I'll let you tie
The ribbon to my hair
Just so that we could come back to this
F C
If we really cared
 Bb
The morning gates stay open
If you had a thought that I'd be there
      Bb7M
Oh, I'd be there
(F C Cm Bb)
(Bbm F C Bb)
[Segunda Parte]
Know we could use a break
   Cm
Because I can't feel my feet
Carried you all the way upstairs
```

```
Bb7M
So you can sleep and I can think
[Refrão]
Stand guard when I am near
D Gbm G
Clinging on to everything you fear
D Gb7 Gm
Keeping m? close while you hold me out and say
A A7
"I don't lov? you that way"
   Gbm G
Harbor myself away from everyone else
I'm half-awake and intimate
Eyes closed and I'll commit
What I wish I had with you
    Gm
I'll pretend until it's true
I don't love you that way
        Gbm
Swallow the pill, it's only fair that I hear
         Gbm
                   G
Know myself better than I have in years
          Gb7
                  Gm
I don't know why I have to defend what I feel
I try
D
        Gbm
Stand your guard when I am near
D Gbm G
Loathe me until you're reminded of the deal
D Gb7 Gm
You don't love me that way
[Final] D Gbm G
      D Gb7 Cm7 Gm
      D A D
