

# Clairo - Softly

tom:  
Capostrate na 3ª casa  
Bb (forma dos acordes no tom de G)

Is it alright to feel this way so early?  
And in my blood, all the sweet nothings fallin' in love over time

Didn't wanna get so close  
And I know that I should probably go  
But I got this feeling  
Tell me, good God, I know

Touch you softly, I call you up late at night  
No doubt it isn't right, but you could be my one and only  
You get me in the mood, know what I'm tryna do  
Do you think that we can move closer, baby?  
I want you, yeah, yeah

All my life, been wanting this forever (Mmm)

And in my mind, think of ways to ask you  
"Why don't you come over sometime?"

Didn't wanna get so close  
And I know that I should probably go  
But I got this feeling  
Tell me, good God, I know

Touch you softly, I call you up late at night  
No doubt it isn't right, but you could be my one and only  
You get me in the mood, know what I'm tryna do (Oh)  
Do you think that we can move closer, baby?  
I want you, yeah, yeah

(Ooh)  
And I don't care what they say  
And I don't care what they say  
Care what they say to me, I'm doing it differently  
Baby, I'm doing it differently
