

Claudia Manzo - Longe de mim

Tom: D

m

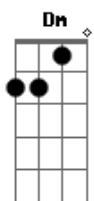

Lua gigante Imensidão imensidão
 Medo eterno
 Estrelas em chuva, na minha mão o mundo
 O mundo na cabeça, nos meus pés, meus pés
 (Dm Cm Dm Am Cm)
 Forte atração, fico mais longe do sol

Grito eterno, eterno
 Feminina tua figura, misteriosa que suspira
 Traz pro mundo boas novas, assobios
 Passarinhos Trouxe de papel
 Gaiolas deixei pra lá
 O ar pra respirar
 E o mar
 Amar
