tom:

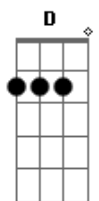

Intro: **D** **Bm** **Gbm** **D**

D Wakin' up in the morning's hard
Gbm I miss you even though it don't make sense
D It's hurting in my chest to breathe
Gbm When all I see are stories of our love
D So hard, but it was not enough
Bm I'm goin' out to a party
Gbm And the only thing they're asking's, "How you are"
Bm Sayin' I'm okay, but really I'm cryin'
G And my head is so fucked from what you did
D I'm getting drunk

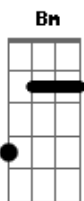

[Refrão]

D Tell me, tell me when
G Did you love somebody else?
D Did you care when you just
Bm Tore my heart to shreds in someone's bed?
G Why don't you take him and go to hell
D I'm trying hard to hate you
Bm But I can't stop loving who I thought you were
D Was it ever real
