# Codeko - Chance

```
                          tom:
                Gb
        B
When I had you to myself
  Abm
I didn't want you around
    Ebm
Those pretty faces always made you
  Db
Stand out in a crowd
    B7M
But someone picked you from the bunch
```

```
        Abm
One glance was all it took
        Ebm
Now it's much too late for me
           Db
To take a second look
B                        Abm
Oh, baby give me one more chance
Ebm                Db
Won't you please let me back in your heart
B                        Abm
Oh, darlin' I was blind to let you go
```
