

# Cody Jinks - Snake Bit

tom:  
Am  
Am

Call me Adam

If it's all the same, you know I'm Abel

I've been raising Cain just like Peter

I could change my name. It's all in vain

Now call me David

I've been singing songs just like Saul

Been blinded all along

The suits and all the ties that bind the dim lit rooms and  
bottom lines are wrong

( Am F Am F )

[Segunda Parte]

If I call you Jacob

Would you speak the truth or just like Judas

Is it not in you?

Do now what you came here for

I always knew you were the thorn in my side

[Refrão]

Go on and fill me with your venom and your lies

You can't kill me or even look me in the eye

I ain't hard to find, I'm done running with your kind, and I  
don't hide

I never saw the snake there in plain sight

Damn sure felt the bite

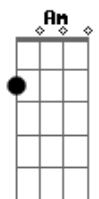

[Terceira Parte]

I've been a doubter

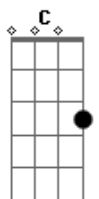

I know I'm made for this, and I've seen evil

They greet me with a kiss

Leave you bleeding ask you why they hang you out to dry with  
no goodbye

So I'm moving on

It's time to shake some dust, I'm tired of laying

Where moth and dust corrupt

They get you down in every town until the man himself comes  
back around

[Refrão]

Go on and fill me with your venom and your lies

You can't kill me or even look me in the eye

I ain't hard to find, I'm done running with your kind, and I  
don't hide

[Ponte]

The devil is a master of disguise

Never saw the snake there in plain sight

I damn sure felt the bite

[Solo] Am C G C  
Am C G Am

[Refrão]

Go on and fill me with your venom and your lies

You can't kill me or even look me in the eye

I ain't hard to find, I'm done running with your kind, and I  
don't hide

[Final]

The devil is a master of disguise

We both know you can't stand a fight

Never saw the snake there in plain sight

I damn sure felt the bite

Damn sure felt the bite
