

Cody Jinks - Somewhere In The Middle

tom:
Capo: Bb (forma dos acordes no tom de G)
Intro: C G D
C G D G

[Primeira Parte]

Couldn't have ever dawned on me, all the things that
I would be I, I never really looked out quite that far
It's never been a simple thing, to see the world with a
Young man's brain, with an old man's heart, a restless soul

[Segunda Parte]

Yeah, my family went broke in my eighteenth year
Dad took a job many miles from here that
That was alright by me I was on my own
I had a band, found a job, life was alright
I worked when I had to, we played all the time, Only
Got through that first year of college alright

[Refrão]

But I learned more on the freight docks
Driving forklifts on the 3 o'clock AM shift
In the winter time, man it got cold
Selling guitars on the west coast
Going hungry, chasin' ghost around
And around we would go
And I saw it all tendin' bar at night
Treatin' saints and sinners right
Is a good thing to do all the time

You never know who you're talking? to
But always know who's watching you
Keep your feet movin' straight down the line

[Terceira Parte]

I've known a lot of real good men, grad school or no school
I've called em' my friends I'm
I'm somewhere in the middle, and that's just fine
No, I don't give a damn how much money you make
If your last shirt has pockets, take all you can take I'm
Well, I'm goin' out with nothin' like I came in

[Refrão]

And I learned more on the freight docks
Driving forklifts on the 3 o'clock AM shift
In the winter time, man it got cold
Selling guitars on the west coast
Going hungry, chasin' ghost around
And around we would go
And I saw it all tendin' bar at night
Treatin' saints and sinners right
Is a good thing to do all the time
You never know who you're talking? to
But always know who's watching you
Keep your feet movin' straight down the line
Somewhere in the middle's just fine
Somewhere in the middle's just fine

[Final] C G D G
