

Cody Simpson - La da Dee

Tom: E

(com acordes na forma de Capostrate na 4ª casa)

Theres no way to say this songs about someone else

Every time you're not in my arms

I start to lose myself

Someone please pass me my shades

Don't let them see me down

You have taken over my days

So tonight i'm going out

Yeah im feeling like

There is no better place than right by your side.

I had a little taste

And im always for the party anywhere

Cause all the girls are looking fine

But your the only one on my mind

La da dee

La la da doo

La la da me La la da you

La da dee

La la da doo

Theres only me Theres only you

La da dee

La la da doo

La la da me

La la da you

La da dee

La la da doo

When you're gone I'll think of you

All these places packed with people

But your face is all i see

And the musics way to loud

But your voice wont let me be.

So many pretty girls around

They're just dressing to impress

but the thought of you alone

Has got me smiling

I dont know what to say next

Yeah im feeling like

There is no better place than right by your side.

I had a little taste

And im always for the party anywhere

Cause all the girls are looking fine

But your the only one on my mind

La da dee

La la da doo

La la da me La la da you

La da dee

La la da doo

Theres only me Theres only you

La da dee

La la da doo

La la da me

La la da you

La da dee

La la da doo

When you're gone I'll think of you (repeat chorus)

Ill pretend the night is so beautiful

Take a photo with the bros

La da dee

La da da doo

They won't see through my disguise

Right here behind my eyes

Replaying in my mind

La dee da

La da dee

La da dee

YEAH

im feeling like

There is no better place than right by your side.

I had a little taste

And im always for the party anywhere

Cause all the girls are looking fine

But your the only one on my mind

La da dee

La la da doo

La la da me La la da you

La da dee

La la da doo

Theres only me Theres only you
 La da dee
 La la da doo
 La la da me

La la da you
 La da dee
 La la da doo
 When you're gone I'll think of you (repete o refrão)
