

Colbie Caillat - Begin Again

```
(acordes na forma do tom G )
Capostraste na 4º casa
 (D2 ) (final do segundo verso)
I can't get you out of the sunlight
I can't get you out of the rain
I can't get you back to that one time
Cause you and me are still recovering
So let's just try to cool it down
The fighting is feeding the flames
       D C (strum)
So let's try to slow it down
We crash when we race
Oh this is not the way that it should end
It's the way it should begin
It's the way it should begin again
No, I never wanna fall apart
Never wanna break your heart
Never wanna let you break my own
Yes, I know we said a lot of things
That we probably didn't mean
But it's not too late to take them back
So, before you say you're gonna go
I should probably let you know
That I never knew what I had
G D
I never knew what I had
See I look for you in the morning
 'Cause that's when my mind always goes
And I can't wait to get to the evening
 'Cause that's when I want you the most
So let's just try to cool it down
The fighting is feeding the flames
So let's try to slow it down
We crash when we race

I never knew what I had
But I know it now
                          Em
I wish I would've known before how good we were
        Em D
Or is it too late to come back or is it really over
Cause if it's really over
Then this is not the way that it should end
It's the way it should begin
It's the way it should begin again
No, I never wanna fall apart
Never wanna break your heart
Never wanna let you break my own

I never knew
