

Colbie Caillat - Older

Tom: **D**

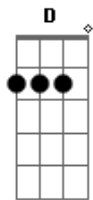

D **Bm** **Em**
 Waited all my life for this day to come
G **D**
 I feel like letting go, life goes on
Bm **Em**
 Wasting no more time, So much to be done
A **D**
 Everything works out, So they say
Em **G**
 Over my shoulder, it's tough getting older
A
 Yeah, yeah.....

(Chorus)

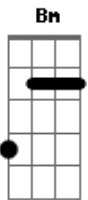

D

Seems like nothing is black and white anymore
Bm **Em**
 Shades of grey and I feel a weight over my shoulder
G
 It's tough getting older
D
 I always thought that I knew where I'd want to go
Bm **Em**
 Now I'm here and I find that I'm still getting colder
G
 It's kinda tough getting older
 Here before my eyes, many roads ahead
 Time for me to choose one way now
 If I take a chance
 What lies down the road
 Feeling so confused, turned round
 On and on, on and on
 yeah yeah.....
