

Colbie Caillat - Pretend

tom:
Intro: G C G

[Primeira Parte]

Let's pretend we never broke up
Pretend we didn't do it all wrong
Let's act as if we didn't quit
And when it got hard, we held on
Let's pretend you gave it your all
Pretend I didn't need more
And that we're still sittin' in a countryside kitchen
Red dogs sleepin' on the floor

[Pré-Refrão]

Guess I still got some feelings
Honey, do you feel like dreamin'?

[Refrão]

Of that first summer night in the back of your truck
Kissin' in the moonlight, stars above
Dancin' in a field with the radio on
The moment we found our favorite song
Burnin' like a fire that would never go out
Heartache wasn't somethin' we were thinkin' about
That forever kinda feeling that we found out
It was love, it wasn't pretend

[Instrumental] G G C C
G G C C

[Segunda Parte]

Let's pretend you opened up
Pretend I didn't shut down
'Cause I can't pretend that it don't hurt
And that I don't miss you now

[Refrão]

In that first summer night in the back of your truck
Kissin' in the moonlight, stars above
Dancin' in a field with the radio on

Acordes
