

Colbie Caillat - Tell Him

```
Tom: F
                                                              But I'm without love then I have no happiness
                                                                        F7M
                                                              I know I'm imperfect and not without sin
Intro: F F7M Gm C
                                                              But now that I'm older all childish things end
Verso 1:
Let me be patient, let me be kind
                                                               (Refrão)
Make me unselfish without bein' blind
                                                              Ponte:
F F7M
Though I may suffer, I'll envy it not
                                                               I'll never be jealous
And endure what comes, 'cause he's all that I got and tell him And I won't be too proud
                                                               'Cause love is not boastful
Tell him I need him
                                                              Ooh and love is not loud
Tell him I love him
                                                              Tell him I need him
          C
And it'll be alright
                                                              Tell him I love him
                                                                                            F F7M Gm Gm
       F7M
And tell him
                                                              Everything is gonna, gonna be alright
It'll be alright
                                                              Verso 3:
                                                                               F7M
It'll be alright
                                                              Now I may have wisdom and knowledge on earth
                                                               But if I speak wrong, ooh, then what is it worth?
                                                                               F7M
Now I may have faith, to make mountains fall
                                                              See what we now know is nothing compared
But if I lack love, then I am nothin' at all
                                                              To the love that was shown when our lives were spared and tell
If I can give away, everything I possess
