## Coldplay - Birds

Tom: C
Intro: 2x: Am F C
Am F
been standing in the corner
studying the lights
Am F F C
the dreaming of escape will keep you up at night Am
but someone had put the flares up
and got me in the ray
Am F C
so... I guess I'd better stay
'uh uh no come on' you say
it's a fool's gold thunder
it's just a warring rain
don't let the fears just start 'what if
I won't see you again
round here you never want to sleep all nigh
so start falling in love, start the riot and
Am F C
come on rage with me
Am
we don't need words
F C
and we'll be birds
got to make our own key
Am F
only got this moment
you and me, guilty of nothing
but geography
come on and raise i
come on and raise this noise
G
for the million people
who got not one voice
come on it's not over if you
mean it
G
come on all for Love
out from the underground, Am F $\begin{gathered}\text { A } \\ \text { a }\end{gathered}$ Am F C
we don't need words
Am F C
close your eyes and see
Am
and we'll be birds
F C
flying free
Am F C (solo)
Am F C G
fearless go oh oh oh oh oh
fearless together

$$
\mathrm{Am} \quad \mathrm{~F} \quad \mathrm{C}
$$

when you fly won't you
won't you take me too?
Am F C
in this world so cruel
I think you're so cool
