Coldplay - Coloratura

```
D
                                                                                 Bm
                                                              By balloon saw the world turn
                           tom:
               D
                                                                     G
Intro: D G D
                                                              Through voyager, callisto, calliope
      G D D D7
                                                                                  D
       G Gm D D
                                                              Betelgeuse, the neon moons
                                                                  Am G
                                                              We're a slow burning tune
[primeira parte]
                                                                        Gm
                                                                                                 D
D
                                                              But we'll touch down soon, so will you
Coloratura
                                                                        E7 G Em7
                                                              And in this crazy world, i do
  D
We fell in thorough the clouds
                                                                          D
                                                              I just want you
   D
And everyone before us
                                                              (Bm7 E7 A)
     D7
                                                              (ADD)
Is there welcoming us now
                                                              (A C7M Gb7)
(Bm Em7 Em Gbm)
(Bm Em7 Em Gbm)
     G
Is the end of death and doubt
   Gm
And loneliness is out
                                                              (Bm Em7)
                                                              (GEm AD)
(ADBm Gbm)
[segunda parte]
                                                              (G Em A D)
(A D Bm Gbm)
D
Coloratura
                                                              (Badd9 Gbm)
                                                              ( G D Bm )
( G D Gbm )
  D
The place we dreamed about
  D
The melodies inside yourself
                                                              [refrão]
  D7
And love come pouring out
                                                                  G
                                                              And up there in the heavens
G
Everyone's allowed
                                                                                         A Bm
                     D D
                                                              Galileo saw reflections of us too
Gm
Feathered by the crowd
                                                              Pluribus unum, unus mundus
[refrão]
                                                                      D
                                                              All the satellites imbue
   G
And up there in the heavens
                                                              The purple, yellow, green, red, orange and the blue
                                D
                                                              A A
Oh it's a crazy world, it's true
D Bm G
Galileo and those pining for the moon
          Bm
Know it's a slow burn
                                                              Sing it out oh-oh-oh, oh-oh-oh
     G
                                                                                  A E7 D
Through pioneer and helix
                                                              Oh-oh-oh, oh-oh-oh
                                                              Oh-on-on, E7 G Em/

And in this crazy world, i do, i just want

F7 G Em7

i just want
                           D
Oumuamua, heliopause and neptune
    Am
               G
                                                              In this crazy world, it's true, i just want you
We're a slow burning tune
                          D
        Gm
But we'll get there so for now
                                                              (Em7 D Em7 D)
E7 G Em7
In this crazy world, i do
D D D D7
                                                              [final]
I just want you
                                                                    Fm7
                                                                                       D
                                                              Poets prophesy up in the blue
[terceira parte]
                                                                              G
                                                                                                 D
                                                              Together, that's how we'll make it through
      G
In the end it's all about
                                                              (D D D7 G)
                         D D
The love you're sending out
                                                              G Gm D
                                                              0h-oh-oh
[refrão]
                                                              G Gm G
                                                              0h-oh-oh
   G
And up there in the heavens
                                                              [Final] Gm D D-#
                                                                  Gm A D
The explorers who've all gathered
Acordes
```
