We see people coming

We see people go

This particular timing is extra special

I know you might be gone

And the world may not know

Still I see you celestial

( Am F C G )

( Am F C G )

Like a lion you ran

Goddess he wrote

Like an eagle you circle

Perfect of all

So how come things move on?

How come cars don't slow?

When it feels like the end of the world

When I should but I can't let you go

But when I'm cold, cold

When I'm cold, cold

There's a light that you give me

C )

When I'm in shadows

It's a feeling of ever, everglow

( Am F C G )

( Am F C G )

We're brothers in that

The sisters you write

When we stroll on that land

We'll be friends 'til we die

With the changing of winds

And the way waters flow

Life is shortest in fall, in the snow

I know I'm going to miss you, I know

But when I'm cold, cold

Yeah, all alone, the sun

And I know that you're with me

And the way you show, when you're with me wherever I go

But you give me this feeling, it's everglow

( Am F C Em )

( Am F C G )

( Am F C Em )

Oh, what I would give for just a moment to know

Yeah, I live for this feeling, it's everglow

( Am F C Em )

( Am F C G )

So if you love someone, you should let them know

Oh, the light that you left me will everglow
